Nixon Given Go Ahead in Attacks on Democrats

WASHINGTON (AP)—President Eisenhower today gave Vice President Nixon the sign to go on answering Democratic attacks on administration foreign policy.

Eisenhower did so in a telegram to the vice president, now campaigning on the West Coast.

He told Nixon he thinks a statement Wednesday by Secretary of State Dulles on the question of injecting foreign policy into the campaign "should clear the atmosphere, particularly in pointing out that there is no real difference between the two of you."

Nixon has been whacking back at Democratic critics of administration foreign policy, while Dulles appeared to be critical of some of the vice president's language and then later to be backtracking on the criticism.

Eisenhower himself told a news conference Wednesday that foreign policy should be left out of partisan political debate. At the same time he said there is a difference between foreign policy as such and the day-to-day operations carrying it out, so that he could not deny debate on specific points.

Restating that view in his telegram to Nixon, Eisenhower said the basic elements of foreign policy should not and do not lend themselves to political argument. But, he said, the matter of administrative operation of foreign policy has been challenged, both by Republicans in the past and recently by some of their political opponents.

Referring to Dulles, Eisenhower added: "As Foster pointed out, these need to be answered whenever they occur. Questions and criticism have involved Lebanon, our relationship with Nationalist China, the defense of Quemoy and Matsu, etc. These actions, when criticized, should be supported by our side. No one can do this more effectively than you."

Navy Looks Over Pieces of Missile

CAPE CANAVERAL, Fla. (AP)—Navy missilemen today pieced together the shattered fragments of the second Polaris experimental rocket to explode in the last three weeks.

The 25 foot rocket was blown apart Wednesday after the second stage suddenly shot aloft a split second before launching and zig-zagged over the Cape in a series of cartwheel turns.

On Sept. 24, its predecessor, was destroyed by the range safety officer 50,000 feet over the Cape when it jerked out of control.

The upper section of the latest missile, named AX2, impacted in an isolated field on the Cape, igniting a brush fire that roared through a one-mile area for several hours. Hordes of rattlesnakes crawled onto a nearby road to escape the flames.

The Polaris is the Navy's 1,500-mile intermediate range ballistic missile designed for launching from nuclear submarines beneath the surface.

Rightists Call Off Strike of Protest

By ANDREW BOROWIEC

ALGIERS (AP)—French right-wingers opposing Premier Charles de Gaulle's sweeping Algerian reforms called off their strikes and demonstrations today.

It was a resounding victory for De Gaulle in a showdown with his former supporters in this North African territory.

The big Forum Square where right-wingers had called a protest demonstration was empty at the appointed hour. It was raged with troops and firetrucks.

The strike and demonstration were hastily called off after leaders of the badly split public safety committee had held a showdown conference with De Gaulle's representative, Gen. Raoul Salan, the top military and civilian commander here.

The committee, deflated by the abrupt withdrawal of De Gaulle's office of 15 military members, began to disintegrate.

Twenty-four of its original 64 founders resigned rather than risk a head-on collision with De Gaulle. After his decisive Sept. 29 constitutional referendum victory, the Premier is undisputed master of France and its Overseas Territories.

Details of Salan's talk to the committee leaders were not disclosed. He met them with firm instructions from De Gaulle, whom he had seen 24 hours before in Paris.

In the depleted committee only 10 die-hards continued to insist on holding the mass protests and strikes after army trucks with loudspeakers had toured Algiers blaring out appeals to the population to stick by De Gaulle. Thirteen voted against them.

By ANDREW BOROWIEC

ALGIERS (AP)—French rightists today called off a scheduled general strike to protest Premier Charles de Gaulle's policies in Algeria.

The cancellation was a victory for De Gaulle's policies. Organized opposition to De Gaulle appeared to be falling away. The committee said it has full cancellation was announced by the badly divided Public Safety Committee after Gen. Raoul Salan, De Gaulle's personal deputy in Algeria and the military and civilian ruler of the territory, had called in the committee leaders.

A Public Safety Committee communiqué calling off the general strike did not mention a mass protest demonstration also called for the day. Since the communiqué asked everyone to go about his work normally, this appeared to rule out the demonstration.

The committee said it has full confidence in the army and that Salan this morning had explained the new orders from De Gaulle.

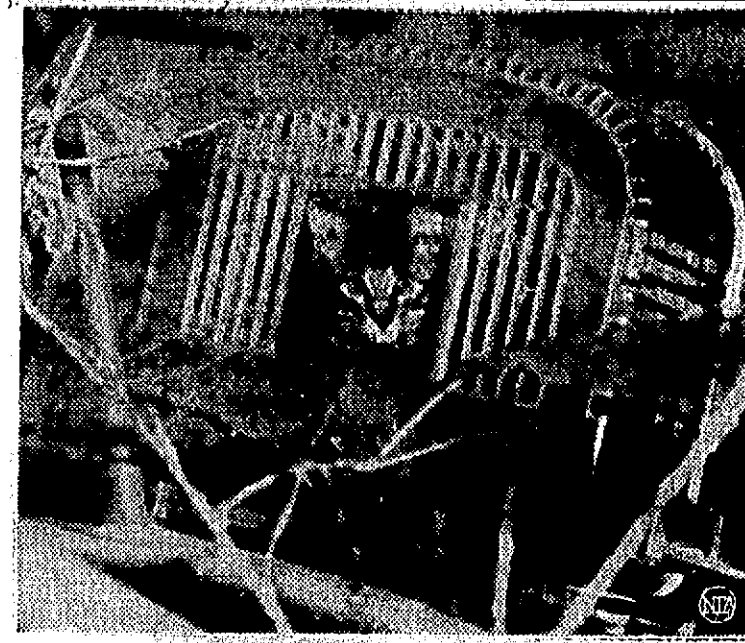

Bow Hunter Shoots a Fisherman

DEWITT, Ark. (AP)—An arrow fired by a deer-hunting archer yesterday wounded a commercial fisherman.

The accident occurred at nearly 10 p. m. on the White River. The injured man, Jeff McClanahan, 40, of Jack's Bay said he was walking across a road about dawn when the steel-headed shaft struck him in the left hip.

The bow and arrow hunter and a companion rushed off to nearby woods to his aid. They took him to Mullensburg Clinic at De Witt for treatment.

Dr. R. H. Whitehead said the arrow went through the flesh of McClanahan's hip. He said the fisherman was in good condition but would have to be hospitalized for a few days.

License Is Given to Loyola U.

WASHINGTON (AP)—The U.S. Court of Appeals rejected today a contention that a Jesuit educational institution is ineligible to hold a broadcast license.

The ruling affirmed the award of a license to Loyola University in New Orleans for a Channel 4 television station.

The legal right of Loyola to hold a broadcast license was challenged by James A. Noe & Co., an unsuccessful applicant, and by a "predominantly Protestant organization—Protestants and Other Americans United for Separation of Church and State. The group, not a party to the action itself, filed a friend-of-the-court brief urging the court to overturn the award, made by the Federal Communications Commission.

The Times-Picayune Publishing Co. also was an original applicant for the Channel 4 permit. The court said The Times-Picayune had withdrawn its appeal under an understanding with the Justice Department "in connection with an antitrust problem."

The Noe Co., headed by James A. Noe, a former governor of Louisiana, contended that Loyola by reason of its connection with the Society of Jesus is a representative of an alien within the meaning of the Communications Act. A section of that law makes foreign control of an American broadcasting station illegal.

Speaking for a unanimous three-judge court, Judge George T. Washington said the university is legally and financially autonomous and does not receive support from the Society of Jesus in a monetary way.

"The relationship of Loyola to the Society of Jesus hardly seemed to endanger our national security," Washington wrote.

Nominations for Judges Believed Near

WASHINGTON (AP)—Government sources reported today that Smith Hensley of Harrison, Ark., now with the Justice Department, may be given an early recess appointment to one of the vacant federal district judgeships at Little Rock.

Hensley, 41, was nominated for the post by President Eisenhower last Feb. 21, to succeed retired Judge Thomas C. Trimble, but the nomination was never reported out by the Senate Judiciary Committee.

In these circumstances, he would have to serve without pay if he takes a recess appointment. Hensley is married and has two children.

Knowland Ties Opposition With Gangster

SAN FRANCISCO (AP)—Sen. William F. Knowland, GOP candidate for governor, sought Wednesday night to link Democratic National Committeeman Paul Ziffren of Los Angeles with a dead Chicago gangster and "the machine political boss" of the Illinois city.

The Senate minority leader then told a Republican rally that Ziffren is "one of the chief supporters of Alvin Karpis, the capture of whom was the greatest feat of the government of our time."

Joseph Kamp is a right-wing pamphlet writer of Connecticut. Some of his leaflets were distributed by Knowland's wife, Helen. Mrs. Knowland said she did not know Kamp's background and her husband ordered use of the pamphlets discontinued.

Seeks Release of Suspects in Bombings

ATLANTA (AP)—Atlanta police were ordered to show cause Friday why five men held in the bombing of The Jewish Temple should not be released.

The order, served this morning, was signed by Fulton County Superior Court Judge Virlyn B. Moore.

Named in one of the court orders were George Bright, Luther King Corley, Kenneth Chester Griffin, and Robert Bowling. The writ said the charge "suspicion of vagrancy" lodged against the four is illegal.

The fifth man, Wallace H. Allen, is held on a charge of "willful and malicious destroying or injuring any dwelling house or place of business or lodging of any person within the limits of any city or town with or by the use of dynamite or other explosives."

The habeas corpus action contends this is "hyper-legal-charges" in that Allen is being held in violation of his constitutional rights.

A special police staff went into seclusion as they pressed for a solution to the explosion which shattered a large portion of The Temple Sunday.

Big Test Jars Ground for Two Miles

ATOMIC TEST SITE, Nev. (AP)—The "biggest" tunnel shot ever fired here—but a baby as nuclear blasts go—jarred the ground two miles away Wednesday night.

Another full-scale shot was scheduled to be fired today from a balloon 500 feet high.

Magnesium flares dropped from an Air Force plane illuminated the blast as the second atomic blast of the day went off at 10 o'clock Wednesday night in a chamber 330 feet underground.

The explosion was the seventh full-scale detonation and the second full-scale underground shot of the current test series.

The power yield was described as below one kiloton. A kiloton is the equivalent of 1,000 tons of TNT.

A device of less than one kiloton was fired Wednesday morning from atop a 50-foot wooden tower. Perfection of small battlefield weapons is one aim of the test series.

Tunisia Leader Affirms West Is His Choice

TUNIS (AP)—President Habib Bourguiba defiantly threw in his lot with the West today in a bitter attack on the United Arab Republic. He broke diplomatic relations with the U.A.R. Wednesday.

"Yes, I am Western," Bourguiba declared in a speech to the Tunisian Constituent Assembly explaining his move, "and I will remain so."

The president of the young North African republic did not mention President Nasser by name, but he ripped into Nasser policies. Bourguiba bluntly said the Egyptians had collaborated in an assassination plot against him.

"The primary enemy, one has the habit of saying, is Israel," Bourguiba said. "However, why is it that this state (Israel) is quiet while the Arabs are killing one another?"

Bourguiba professed confidence in the outcome of this test of strength between him and Nasser, strong man of the U.A.R., whose ambition is a united Arab world under his leadership.

He said he felt the Arab League some day would be reconstituted on more solid and sincere foundations.

Tunisia, a new member of the league, touched off the current crisis between the two Arab countries in Cairo Saturday. The Tunisian delegation accused the U.A.R. of trying to dominate the league. The U.A.R. walked out of the meeting.

Bourguiba again accused the U.A.R. of sheltering and giving active aid to Salah ben Youssef, Bourguiba's former political ally who fled Tunis for exile in Cairo where he preaches the policies of Nasser. Youssef also has plotted actively Bourguiba's assassination, the president said.

Plans for building, equipping and furnishing the "Living Core" home were completed at a meeting last week, Lowe said. Co-operating in construction of the home in addition to the lumber company are:

Lawrence May, General Contractor; Roy Warren, Plumbing; Dick Erwin, Landscaping; Ralph Roberts, Electrical; Dick Lauterbach, Grading; Lynn Jones, Concrete Work; J. B. Martin, Brick Work; Foy Hummons, Lawn.

Interior decorating of the home will be done by Ruby Brannan and Ruby's Decoration Shop. Furniture and accessories are selected and provided through the cooperation of Home Furnishing Co., Joe Hankins, manager.

Appliances will be installed by Collier Tire & Appliance, Philco Duo-Matic Washer-Dryer, Philco Supermarket Refrigerator, Small Appliance; Ark-Las Gas Co., Arkia Serval Sunvalley, Year-around Air Conditioner and Gaslines.

The local "Showcase" will be a Ranch style home built around the "Living Core" concept. It has been designed by Architect Rudolph A. Matern, A.I.A., and is based on specific requests of hundreds of the nation's housewives as expressed at the second annual "Congress of Better Living" and from research done on the popularity of hundreds of other home plans.

"It is considered to be an arrangement most acceptable to the American way of living," Lowe said. "Beyond this area, which includes a foyer, living room, dining room, mud room and lavatory, kitchen and family room, people have their individual living requirements. These vary in the number of bedrooms, baths, recreation facilities, style of house and other features. By using this highly efficient core, almost any style and size of home may be designed and built. Its possibilities are close to limitless."

In addition to the "Living Core" the home will have three bedrooms, two and a half baths, a double carport with adjoining shop area.

Completion of the home and the first open house are scheduled for this weekend, Oct. 18, 2-3 p.m., and for daily inspection for two weeks following.

Trial Underway in Slaying of Officer

OSCEOLA, Ark. (AP)—The defense will present its case today in the trial of William Young, 30-year-old Negro of Jackson, Miss., charged with slaying an Arkansas state trooper.

Prosecutor Terry Shell quickly presented and rested his case yesterday before a white, male jury

in Mississippi Circuit Court. He asked for the death penalty.

Young has pleaded guilty. He is accused in the rifle slaying of state trooper Ermon Cox, 35, Aug. 17. Cox was killed when he tried to arrest a Negro who appeared drunk at a filling station near Osceola. Young was arrested by a posse about two hours after the slaying.

Segregation Group Slams Principal

VAN BUREN, Ark. (AP)—A segregationist leader charged last night that School Supt. Everett Kelley recently referred to members of the Van Buren Citizens Council as "white trash and scum."

The charge was made by Sam Cox Jr., president of the Citizens Council, at an open meeting of the school board.

An unidentified woman at the

meeting demanded that the board make Kelley, who was present, issue an apology.

Kelley turned his back on Cox and the woman. The board said it would take up the matter in a private session.

J. J. Izard, president of the board, announced at the meeting that he had a single member of the board supports integration.

The integrated Van Buren High School was the scene of racial disorders last month.

Ralph Robinson, a board member, told about 35 members of the public who attended the meeting that "we were among the first to be forced into integration by the NAACP and while we may not like it, we just have to do the best we can."

A suit filed by Negroes led to integration here in the fall of 1957. The school board agreed to start integration before trial of the suit and it was dropped.

Eight Negroes attend the city's single high school and five Negroes are enrolled at an integrated junior high school.

No violence was reported in the 1957-58 school year but last month resistance to integration flared on the opening day of school. Negroes were greeted by taunting signs when they entered and later 45 white youths boycotted the

school to protest racially mixed classes.

The boycott was abandoned after a few days. Apparently fearing violence, the Negroes remained out of school for more than a week.

Kelley said at the meeting that while boys who participated in the boycott would have to make up work lost but Negroes would not. He said a faculty committee had ruled the Negroes did not stay out of school from choice and had kept up their studies while the boycott was going on.

Morse to Receive \$9.5 Million

CHICAGO (AP)—The U. S. District Court disclosed yesterday that Col. Robert H. Morse, chairman of Fairbanks, Morse, will receive \$9,511,392 for his sale of 297,231 shares of company stock to the Penn-Texas Corp.

Impounded information released showed the stock was sold at \$32 a share. The information was kept secret under a court decree on Sept. 11, but was ordered released yesterday by Federal Judge Joseph Sam Perry.

Under terms of the court decree, settling a fight for control of Fair-

banks, Morse, Penn-Texas will pay \$5,500,000 in cash and issue a three-year promissory note for the remainder.

The transaction must be completed by Nov. 10 under terms of the agreement.

Ralph Dumas Decisions Gil Turner

MONTREAL (AP)—Ralph Dumas of New Orleans had too many legs and arms for Gil Turner of Philadelphia Wednesday night. The young Cajun boxer, on the move from start to finish, shot a steady stream of hooks and jabs to win a unanimous decision.

The 10-round welterweight bout, telecast nationally in the United States, attracted only about 1,800 in Montreal Forum. Dumas gave away 7 1/2 pounds, weighing 144 1/2 to Turner's 152.

Dumas' shiftness and speed confused the slower moving Philadelphia, whose attack was limited almost solely to swinging body blows that didn't appear to bother Dumas.

Dumas was such a shadow-like moving target that Turner never figured him out, let alone getting him stationary long enough to do much damage.

Dumas' snapping left the sharp right hooks seemed to come from all directions on Turner, who was in trouble in the sixth and eighth rounds and appeared bewildered and uncertain. Dumas tried to set up his opponent for a knockout in the sixth but lacked the power to end the fight.

Dumas went into the fight the favorite although currently ranked No. 6, against No. 3 for Turner in the National Boxing Assn. welterweight rankings. Dumas was 29 years old Monday. Turner is 27.

Dawkins Shows Way for the Army Team

NEW YORK (AP)—Pete Dawkins, one-half of Army's famous backfield duo, is showing the way in major college individual football scoring with 42 points.

The 197-pound halfback from Royal Oak, Mich., who with Bob Anderson gives Army its best one-two punch since Glenn Davis and Doc Blanchard, crossed the goal line seven times in pacing the Cadets to three straight victories.

Figures released today by the National Collegiate Athletic Bureau shows Dawkins leading Colorado's Howard Cook by one point. Cook scored 25 of his 41 points against Arizona last Saturday. The 25 equaled the season's one-game high by Kentucky's Calvin Bird against Hawaii.

Bill Patton of California is third with 36 points. Bird, Dick Bass of College of the Pacific and versatile Bill Austin of Rutgers are next in line with 32 each.

Arizona's Dave Hibbert is the top pass catcher. He has been on the receiving end of 22 aerials, the highest for any player in five years. Hibbert's closest competitor is Jimmie Randall of Virginia, whose 19 receptions is five more than he caught all last season.

Bobby Walden has averaged 48.1 yards on 15 punts to top that department. Second at 26.5 is Don Coker of North Carolina.

The honor of being the hardest working back goes to Austin. The Rutgers ace has handled the ball on an average of 28.3 plays of all types per game. In addition he has scored five touchdowns and two extra points, tossed three touchdowns passes and a pair of two-point conversion punts. That makes him responsible for 34 of Rutgers' 72 points.

Vernon Cole of North Texas State, in one move, came from Austin, also has had a hand in scoring 34 points, 10 touchdowns, 5 TD passes and a two-point conversion pass. Responsible for only one point less is Cook who flared in a two-point pass, 2 TD passes, 2 extra points and a field goal.

Vanderbilt's David Ray is one in punt returns with 4 for 120 yards and a touchdown. Also over yards and a touchdown are John Hamilton of Green State, Tom Nowell of Drake, who has run back 11 kickoffs for 210 yards, and one more than Virginia's Randall.

Snake Trap
RICHMOND, Va. (AP)—C. B. "Snake" Bates, a merchant at the Chesterfield school board, has a new snake trap. He found a three-foot copperhead with its head wedged into a 3/4 inch opening of a hub wrench.

There will be some new faces in the starting lineup at Austin Saturday.

The Porkers yesterday practiced without contact, running through pass patterns, running plays and working on kickoff returns.

All players dressed out in pads for the first time this week. Guard Bill Luplow tackled Bill Michaels and center Barry Switz for returned full speed. Luplow and Switzer and back hampered by bruises received in the Rice game and Michaels was slowed by results of a gut attack.

Trainer Bill Tavel said the team was in better shape and predicted Austin will be ready on Texas Saturday.

Snake will leave for Austin Saturday and return Friday afternoon. The will spend Friday night in a hotel and return to Fayetteville by air immediately following the game.

Special Notice
Anyone interested are asked to attend a meeting Thursday, Oct. 16 at 7:30 p.m. at Yerger High School for the purpose of organizing a Tiger Booster's Club.

There is a great need for such an organization in Hope. Other towns and schools have them, so should we. I feel that we owe this much to our boys who are giving their all to try to hold up the reputation we once had.

There has been much criticism about the team this year as to why they are making such a poor showing.

Anyone interested in helping the boys, will meet with us Thursday night. This meeting will answer many of your questions.

Zorah Chapter No. 4 OES will sponsor a Fish Fry at the home of Mrs. Wannie Lloyd, 715 South Spruce St. Friday, Oct. 17 at 7:30 p.m. The public is invited.

The Agricultural Planning Committee members will meet Saturday, Oct. 18 at 10 a.m. in the Yerger High School Auditorium as announced by Miss E. L. Ford and C. B. Smith, assistant county agents.

The Yerger - Shover PTA will meet Monday, Oct. 20 at 7:30 p.m. A prize will be given to the class that reports the largest number of parents present.

Federal Board Stiffens the Market Credit

By FRANK CORRIER

WASHINGTON (AP)—The Federal Reserve Board today put into effect the stiffest stock market credit restraints in nearly 12 years. The board's purpose is to discourage speculation with borrowed money.

The board announced plans Wednesday to increase to 90 per cent the margin, or minimum down payment, required on purchases of stocks. The minimum margin had been 70 per cent since 1946, when it was raised from 50 per cent.

The latest action means investors henceforth must put up at least \$90 in cash for every \$100 of stock they buy. It does not have any retroactive effect on stocks bought when margins were lower.

Only once before have margins been this high—when they were 50 per cent in the first year after World War II.

All Street had been expecting an increase and some stock analysts said they believed the action had been discounted in advance. The market reached an all-time high Monday but prices fell in heavy trading Tuesday and Wednesday.

When the reserve board raises margins, the aim is to prevent excessive use of credit in the stock market. If too much borrowed money moves into the market, less is available for use by borrowers in other sectors of the economy.

G. Keith Funston, president of the New York Stock Exchange, said credit on that exchange totals \$3,100,000,000. He said this is only 1.3 per cent of the total market value of the stocks.

Funston said stock market credit has not kept pace with increases in stock prices or with non-government credit in the rest of the economy.

A reserve board spokesman said loans by brokers and banks for purchasing stocks totaled \$4,300,000,000 at the end of September. He said this was the largest amount since this type of statistic was first collected during the 1930s.

Brokers' loans had increased 20 per cent this year and bank loans for stock purchases are up 8 per cent. Yankees will make it five

President Backs Dulles' Quemoy Stand

By JOHN M. HIGHTOWER

WASHINGTON (AP)—President Eisenhower today backed up Secretary of State Dulles in saying the United States would not compel Nationalist China to cut its forces on Quemoy and Matsu Islands.

The President, however, did not bar the use of every possible persuasion by this country—on whose behalf Nationalist China is dependent—to get the garrisons reduced.

Dulles told a news conference Tuesday the United States wants President Chiang Kai-shek to thin out his off-shore island garrisons as a military matter and not as a device for trying to bargain with the Chinese Communists on a Formosa settlement. The Reds won't bargain on that issue, Dulles said. Eisenhower made it clear in response to several questions today that he had resolved before meeting reporters to say as little as possible about the whole Formosa problem. He and Dulles apparently had agreed that it was much too delicate to risk upsetting Chiang or the Nationalist Government or complicating efforts to get the Red Chinese to continue indefinitely their Quemoy cease fire.

Eisenhower was asked what he thought about suggestions that a popular vote be taken on Quemoy and Matsu to determine whether people would rather stay with Nationalist China or join the Reds. He said he did not want to comment, but he did not see much use in that idea.

BEER-

A FACTOR IN THE PROGRESS OF MANKIND

Few people are aware that much of the know-how and technical knowledge responsible for America's mass production of antibiotics was born in the research laboratories of the brewing industry. The brewers have also led in the improved application of refrigeration, air-conditioning, and pasteurization. Louis Pasteur's studies of beer resulted in pasteurization. Other scientists, working in brewery laboratories, are solving mysteries related to medicine, antibiotics, yeast, nutrition (beer is a food), fermentation, and various agricultural processes.

BEER-

Popular for Six Thousand Years As a Beverage of Moderation.

Records of every era of civilization since 4200 B.C. indicate that beer in some form has been an accepted beverage. The basic ingredients—grain, yeast, and water—have been combined and brewed in every kind of vessel from crude stone bowls to the scientifically controlled vats of the modern brewer. Americans everywhere enjoy beer, the light, bright beverage of moderation.

New Fords to Show Friday at Hope Auto

The 1939 Ford car line, which already has received an award at the Brussels World's Fair for styling elegance, will go on display at Ford dealerships on Friday, Oct. 17. J. O. Wright, Ford Motor Company vice president and Ford Division general manager, announced today.

"The 1939 Ford car is new in concept and new in style," Mr. Wright said. "The 1939 styling theme is good taste, a result of consumer demand for more elegance and dignity in automotive styling as opposed to gaudiness or extremism," he added.

In addition to Ford engines that have been engineered for greater fuel economy, Ford offers quality-designed construction and a new, lighter Fordomatic transmission with 105 fewer parts than in 1938, Mr. Wright said.

"Every piece of body sheet metal in the 1939 Ford has been changed to reflect the good taste of the Thunderbird—America's most successfully styled car. The Thunderbird's crisp, taut lines have given the Ford a formal quality and the impression of a bigger, heavier car without the addition of bulk," he said.

"The new cars go on display at Hope Auto Co. here on Friday.

One Escapee Is Recaptured

LITTLE ROCK (AP)—One of five Negro escapees from the Arkansas State Hospital is being held in Chicago, Dr. Granville Jones, hospital superintendent, reported last night.

The escapee is Robert Howard, 18, of Conway County. Jones quoted juvenile authorities

from the truck into a wooden storage bin became clogged, and Larry shook it in an attempt to free the jam.

The jam broke, and the soybeans began cascading down on the boy. Larry tried to run, but slipped and fell. He was covered with the beans.

The boy was dead when his body was uncovered by bystanders about 20 minutes later.

lies as saying another escapee, Robert Lee Taylor, 20, of Miami, was believed to have accompanied Howard to Chicago. The other three who fled the hospital last Saturday night are Dave Davis, 21, of Little Rock; Eddie LeLatham, 23, of Earle; and Randolph Dinson, 28, of Hot Springs. All were committed to the hospital for observation after arrest on criminal charges.

Special Team Seeks Bombing Solution

ATLANTA, Ga. (AP)—A special police staff went into seclusion as they pressed harder than ever today for a solution to the dynamite explosion which shattered a large portion of a Jewish temple.

Reliable sources said it was understood the FBI expected to solve the case today. N. R. Johnson, in charge of the FBI office here, declined comment.

The blast before dawn Sunday was the first anti-Semitic violence in Atlanta but the fourth in the South this year. It caused \$200,000 damage to the temple.

The police staff directing the investigation here moved to an undisclosed site late Wednesday. Capt. J. L. Mosley said requests for information from news media had reached the point where they were interfering with the investigation.

Two more bomb threats were made Wednesday night by telephone but nothing came of either. Radio-TV stations WSB and WSB-TV received a call from a man who said the Atlanta Journal-Constitution building would be bombed next. Extra policemen have been on duty at the building since a similar threat was made Sunday night. WSB and WSB-TV, which is owned by the newspapers, said it received a second call later, apparently from the same man, who said the station also would be blown up.

Five persons being held by the police were questioned by the FBI. Police said a search of the residences of two of the men turned up two letters, one of which threatened the Atlanta Jewish community. The other contained hate-mongering correspondence from another state. Officers said the letters and a

Patterson's Manager Lists Challengers

By MURRAY ROSE
Associated Press Sports Writer

NEW YORK (AP)—The heavyweight picture is very clear today, at least in the eyes of Gus D'Amato, manager of world champion Floyd Patterson.

Here is the way D'Amato sizes it up:

1. England's Henry Cooper and Sweden's undefeated Ingemar Johansson are worthy challengers.

2. Eddie Machon knocked out in the first round by Johansson, Zora Foley (outpointed by Comp) and Willie Pastrano (stopped on cuts by England's Brian London were overrated when they were ranked 1-2-3 among the contenders. (Machon, Foley and Pastrano are Americans.

3. But since everyone had ranked them 1-2-3 before, then these same people must concede the worthiness of Cooper and Johansson.

4. He will consider a little fight in London next spring or summer with Cooper but he also intends to go through with a commitment for a summer title defense in Colorado Springs, Colo. He had promised London promoter Harry Levine that if Levine had a worthy opponent he would go to London and fight for him.

5. Patterson will not fight for anyone remotely connected with the International Boxing Club. And that's why he won't accept a big home television offer for a Dec. 5 fight in Madison Square Garden.

Ned Irish, executive vice president of the Garden, said Wednesday that D'Amato had rejected a \$300,000 bid from the National Broadcasting Co. on behalf of Gilette, sponsors of the IBC's Friday night fights, for a Dec. 5 fight in the Garden. The unnamed opponent was expected to be Cuba's Nino Valdes. Irish said D'Amato also had turned down five other dates in the arena.

Here is the 1959 Skyliner—Ford's popular retractable hardtop convertible. Still the only retractable hardtop in the industry, the Skyliner has been popular with those who want the fun of driving an open convertible and the protection of an all-steel top. The top retracts automatically into the trunk compartment, leaving ample luggage room. The formal styling of the 1959 Ford line is exemplified by the crisp, horizontal lines of the Skyliner.
